

TWIN WS DATA SHEET

SELF - POWERED DOUBLE PIR CURTAIN SENSOR
COMPATIBLE WITH ANY RADIO TRANSMITTER

- Maximum range 4 metres
- Horizontal detection angle 35°
- AND/OR programming
- Operating temperature from -20°C to + 50°C (humidity 85%)
- Antimask
- 4 detection areas
- 3,6 Vdc lithium battery
- Current absorption, rest condition 29 μ A, alarm condition 900 μ A
- Number of pulses 1 or 2 pulses in 2.5s
- Alarm relay NC
- Antiopening NC contact
- LED indicator On/off selectable
- Temperature compensation automatic
- Dimensions 280x38x30 mm, weight 160 gr
- Protection class **IP54**
