

BEAM DET

Linear smoke detector is constituted by an infrared device light transmitter and a receiver located in a single housing and a reflector with ranges up to 50 meters

- Power supply 11 / 30Vcc
- Standby current 18,6mA
- Alarm state current 50mA
- Selectable thresholds: 40%, 50%, 60% e 70%
- Angle tolerance 0,5°.
- Operating temperature -10° + 55°C.
- Relative Humidity 95% a +40°C
- Dimensions 247 x 146 x 144 mm.
- Colour of box: Red and Black.
- Certification VDS EN54-12
- Weight 900g
