

DET-TRIL

Compact radio shock detector using proven, configurable and patented sensing technology.

For door and window installations, it's available in a white or brown housing. The DET-RDCS has dual functionality as both shock detector and magnetic contact.

Variants:

738rEUR-00 – radio shock detector in white

738rEUR-04 – as above, in brown.

DET-RDCS – radio shock detector and magnetic contact

DET-RDCS-B – As above, in brown.
